

Registration scheme for EU/EEA-nationals

In connection with the police public services limited availability due to the risk of infection by Covid-19, the police, in collaboration with UDI, want to offer an alternative, digital solution for filing registrations, without personal attendance. This solution is based on the UDI's Guideline 2020-010, <https://www.udiregelverk.no/retributors/udi-retningslinjer/udi-2020-010/>

Please fill out the form below relevant to your case type and return it to the police. Please use the address oslo.fuf.sua@politiet.no

After you have completed the form, the police will send you additional instructions on how to upload documents through UDI.

Please do not send any personal documents by e-mail such as passport or national ID-card to the police.

When the police have re-opened its offices you will have to meet in person for ID-control and to receive your registration certificate. Appointments are available in the Application Portal. Please allow two weeks between uploading documents and the time of your appointment.

Please make sure you fill out the form correctly and upload all necessary documents afterwards. Not following these instructions will delay your application for a personal number in Norway.
